

Joint Advisory on COVID-19 Outbreak

July 5th, 2021

We have been advised that there are active COVID cases in the community. At this time, there are under five cases in Teslin.

Several community members, particularly youth, also received exposure notices as part of contact tracing. The Teslin Health Centre is providing instructions to those who are notified on how to ensure their health and that of the community. If you are contacted, please follow the instructions. Being contacted does not necessarily mean you have COVID.

We are also asking all residents to practice the **Safe Six plus One** and keep to their social bubble. The Yukon's Chief Medical Officer of Health (CMOH) advises that no more than six (6) people should gather indoors or outdoors for social gatherings. Make sure to keep your social gatherings as small and consistent as possible. We realize that this is difficult with the hot weather after a long winter and an even longer time with COVID. However, **Stick to Six** to help curb this outbreak and keep our community safe.

We ask that all residents and visitors to Teslin and the TTC Traditional Territory behave with the utmost safety and respect. To those considering visiting the region, we ask that you consider waiting until the outbreak subsides. Only travel if it is essential. We also ask that community members follow the **Safe Six Plus One** if travelling to other communities and upon return. Respect the wishes of other communities. Please stay tuned to any public health advisories and notices, practice the **Safe Six plus One**, and keep to your social bubble.

We are continuing to restrict access to our respective government offices and limiting services. Some of our local businesses are also taking their own measures to protect the community. The Yukon and Teslin have done an incredible job in preventing the spread of COVID-19 throughout the pandemic. We hope this continues and that we return to normal soon. **Above all, be cautious, calm, respectful, and kind to one another.**

Sincerely,
TESLIN TLINGIT COUNCIL

Eric Morris
